Two Horse Rule: Riders may enter 2 horses in the official classes in the same or different heights; however each horse is to have only one rider throughout the competition.

*each horse may gain a Qualifier

*each horse will be placed in its class and is eligible for overall awards.

Combined Groups: Three competitive riders make a competition (no combining required). If a class has 2 or less competitive riders, the class will be combined with the class with the height above or below eg. 100cm with 90cm or eg. 1 rider in 120cm & 1 rider in 110cm both would then combine with 100cm class. Jumping of the course: eg. Where 120cm combines with 110cm, the lower height riders jump their first round at 110cm, then the course is adjusted to 120cm and these riders jump their first round. Same procedure applies for second round or jump offs.

Placings: Combined groups are treated as ONE group for the purpose of calculating results of each class & Overall awards: i.e. Penalties and time are judged equally ignoring the different height.
