TD Report - Ping Jaa

Equitation on Saturday, Commencing at 12MD, 2 rings and 38 riders competing, all completed by 4pm

A2 unofficial class run straight after an equitation round worked well. One complaint and bad sportsmanship displayed by a Mudgeeraba mother. Issue being the judging standard. Other problem on the day being the standard of pencillers is lacking.

Show jumping on Sunday commenced at 8.30 am.
3 rings with 87 riders nominated....all completed by 4pm...No problems, course design and changes good.

Main issue again was the pencilling standard, and Judges Placings needed to be corrected on several occasions.

Request that our Zone run some pencilling clinics in the near future.

No requirement for first aid over the entire weekend.

Weather beautiful and even hot at times, ground condition good.

“Good standard of competition” and “level of riding has generally improved” a comment from one of our officials.

A successful day all round.
